1. Executive Officer to the DDA			In a paper dated 28 May 1981 (from DDA Registry - TS-811075) there are two organizational options. According to [] there are now three options:
2. Director of Data Processing DX-6			
3.			-- Option 1 is the result of comments on the 28 May paper which voiced concern that EXCOM should be brought into the act. It is also designed to alleviate some concerns about resource requirements. It is a totally new option and is viewed as "transitional" according to []
4.			
5.			-- Option 2 is the same as old option 1 except the Special Assistant to the DDCI is clarified in the new option as reporting to either Bob Gates or the EXCOM.
6.			
7.			-- Option 3 is identical to old option 2.
8.			
9.			[] asked that we stress his sensitivity to resource questions especially in 82 since there is no budgeted amount for this endeavor.
10.			
11.			I also have attached a copy of the entire working paper (in lieu of the Executive Summary which was the only portion originally circulated) in hopes that it offers further clarification.
